

Xmas Party

Bessie West, Panny's mom, got Back with her ex-Boyfriend Nick. They Broke up some years ago Because he was in jail for a while. Nick was the usual Bessie's Boyfriend: huge, hot, and Dumb as a Brick! The gorilla was squatting at Bessie's and Panny's house for a month already, he was unemployed and smoking weed and drinking Beer all day long on the couch, while Bessie was working Double shifts to maintain that lazy-ass.

Of course for Panny was great to see him walking around half-naked in the house all day long, But he gave him an ultimatum.

He told him that he found a xmas job for him, nothing serious. He just have to Dress as Santa Claus for some kind of... special Party.

Panny Brought his new stepDad to the garage. The man was quite shocked when he saw the sordid decorations, and an old lounge in the middle of the room.

WTF is that, Panny? The Party is gonna be in the garage? And what is that fuck-lounge?

It's where you are gonna lie down during the event, Nick.

I'm not gonna do it. Your mom told me that you liked old Burly Dads like me, dude, But...this is insane!

Listen, I know what you used to do in Prison. A little Bird told me the cockslut that you truly are. I have my informants there.

well, I'm not in jail now. Life is Different outside! And I was just sucking dicks once in a while!

Oh ok, so I guess you are gonna live with your mom again.

Wait, NO! PLEASE!

HOP the lounge, cockslut...let's start this FUCKING Party!
