

Finally, today is my day! I'm so excited! Today is the day I become the dummy's wife! *o* .. so long waiting for this moment and today will be the day... my day. My wedding!

Sunset: Pinkie...it's a fake wedding ˘_˘

Pinkie: Sunset, don't ruin my thoughts x(. For you it may be a fake wedding, but for me it's a real wedding!

Rarity: that's not what the script says XD

R. Dash: Mr. Shamrock's photo session have clearly been a success. This time, he's working on a new wedding dress... and the one selected to model it was you, Pinkie.

Pinkie: I haven't seen the dress yet, but I'm sure it will be beautiful! My wedding has to be perfect girls!

Sunset: fake wedding ...

Pinkie: Fake or not, it's a wedding! *sigh* I hope my honeymoon with the dummy is wonderful, I can't wait! :D

Fluttershy: ... ahm... honeymoon? O///o

Rarity: there will be no honeymoon Pinkie! Dx

No matter what the girls say, I'll take this event very seriously tee-hee ^-^.

...

...

Pinkie is very excited and can't wait for Shamrock to give her the instructions for her photo session with you the next day. However... although Pinkie's happiness can be seen with the naked eye, a boy's bleak expression is palpable from 1 kilometer away.

You: PINKIE??!!

Shamrock: that's right! That girl is perfect for our new wedding dress! Look that enthusiasm, that joy, the tenderness that I am looking for. That girl named Pinkie will be your partner for this photo session ☺

You: you must be kidding me ... Dx

Manager: cheer up boy, you're a real heartbreaker! XD. Ladies are still arriving who are able to leave their husbands for you!

You: those ladies must be 50 or 60 years old! please!Dx

Shamrock: Anyway, the session should start this week, so bro, give this guy a day or two off to get ready.

Manager: no problem ☺

And this is how your organization begins with Shamrock and your manager, much to your regret, you have to agree to the request of both brothers XD.

Both begin their preparations, however, let's not forget that there is also a person who hates you, who considers himself your rival and a powerful enemy of yours... your doppelganger! :D

Doppy: aaargg... booooooooooooooooooring!! Dx

Tempest: would you kindly and stop complaining? Dx

Starlight: Princess Cadance and Shining Armor have everything ready. They both have their defenses up in case Sombra decides to attack The Crystal Empire.

Doppy: that's nonsense... why Simba would want to attack The Crystal Empire, if his target is the amphora that holds the traveler's emerald, then he will attack this place, right?

Tempest: We still don't know where that emerald is, or who has it... we're not even sure that it's in this world.

Starlight: as we know, and according to the history of Equestria, Clover the clever was the one who hid it so that no one would find it... the question is: where.

Tempest: Sombra should have gone to Tartarus for that false information I gave him.

Starlight: I still don't get it, I haven't received any information about our rogues...

Doppy: We must assume that your plan failed.

Starlight: dont say that! Dx

Tempest: Although it's hard for me to say, I think this fool may be right. It's been weeks and we haven't received any reports from the rogues.

Doppy: Well, staying here won't help at all. I say we go to Tartarus to investigate.

Tempest: I guess we don't have a choice.

The three boys agree and go to Tartaro to see what happened with Sombra and the traps to seal skills, however...

Starlight: it cannot be...

Starlight and the others can't believe what they see with their eyes. All the traps have been destroyed, and the rogues are lying on the ground badly injured.

Tempest goes to where the rogues are, while she tries to find out what happened.

Rogue #1: the traps... didn't work!

Tempest: explains everything in detail, what happened here.

Rogue #2: when that man came, the traps began to emit an intense light on his body. However, black smoke appeared around that man, and it seemed to make him immune to the power of the stones. We tried to fight him but it was useless, he defeated each of us very easily.

Doppy: where is that man now ...

Rogue #2: right behind you ...

Doppy, Tempest and Starlight: !?

Sombra: Did they seriously think they would beat me? Me, a god, a supreme deity? HÁ!

Starlight: Sombra!

Sombra: come to hand me the amphora in-person? Only then will I spare your lives.

** Doppy and Tempest are on guard for the attack **

Tempest: Starlight, go and tell Princess Cadance everything. We will fight against him!

Starlight: Nope!! I want to fight too!

Doppy: shut up and get out of here, you're only going to get in the way!

Starlight knows what they plan to do, they had already said: use the Destiny-Bond, whose effect is to cause the same fate suffered by its bearer, in other words, if the bearer loses his life, the target in this case would be Sombra, he would also lose his life.

Sombra: There's no point to escape, I won't allow it... Oh wait, I'll rephrase this sentence: she won't allow it.

Tempest: she? who do you mean ...

Sombra raises his hand, and from the shadows a cloud of black mist begins to spread through Tartarus, even the beasts locked in their cages begin to tremble in fear. From that mist, a female figure begins to appear in front of the three guys.

Doppy: what is that thing... O_o

Tempest: a... a girl?

Doppy and Tempest look at that figure without knowing who it is, but as the mist clears, a familiar face slowly stuns them.

Starlight: impossible!!

Tempest: what?... how!!!...

Doppy: Okay... we're definitely in trouble...

...

...

...

Pinkie's wedding day has arrived! :D

You: Ok let's get this over with quickly, I have a Fall Pony session and I don't want to be late :)

Manager: take it easy kiddo XD. Remember that girls take their time.

I start to look around me and see many familiar faces, obviously Sunset and the other girls are on one side talking to each other... looking at me coldly for some reason that I don't know x_X. But I notice something strange, where is Fluttershy... Worried about the situation, I walk over to where the girls are to ask about her.

Applejack: Excited for your wedding?

Rarity: My wedding was magnificent dear, but I'm glad that Pinkie has her moment too ^^

You: Girls, have any of you seen Fluttershy today? :O

Sunset: Now that you mention it, I haven't seen her since yesterday. She said she was going home early.

R. Dash: This morning I went to look for her at her house, but no one opened the door. I thought she was ahead of the ceremony and would help Pinkie...

This is definitely strange...however, when I was about to talk seriously about this, some trumpets began to sound and many garlands began to fall from the sky! :O

You: the heck! O_O

Pinkie: ta-dah!! :D The most beautiful bride enters the scene!

Between the sounds of trumpets and all the crowd who were in the place cheering up, Pinkie appears wearing the new wedding dress. I must admit that she left me speechless, I had never seen Pinkie as beautiful!

You: Pinkie?! O///o

My heart starts to pound due to the first impression of her. It's true, she looks very beautiful!! *O*

Pinkie: hi dear ^^.. how do I look?

You: you look wonderful *O*

Pinkie: TEE-HEE ^///^

Pinkie grabs her dress and starts spinning around with her sweetie happy face. Then she takes my arm and leads me to the altar...

Pinkie: Agree ^-^

Cameraman: Agree... what.

Pinkie: I agree to be the wife of the Dummy :)

All girls: excuse me??!! O_O

You: this is not a real wedding, Pinkie e.e

Pinkie: I know... **sigh** and I am very sad because everyone tells me the same thing. But I really love you, and being here with you is like a dream for me ^^ . That's why even though everyone tells me this is fake, my feelings for you are true. Even if it's just for jokes, could you... say that you agree to be my husband? Pretty please? ^///^

You: ...

Those words really caught me off guard...they were very sweet words, but...it's Pinkie. I never know what is real or not when she is involved. However, I notice seriousness on her face, it's like for the first time in a long time, she's being honest with me.

You: ... **sigh** alright Pinkie.

Pinkie: yay!

You: I agree to be your husband.

When I say those words, the whole place is filled with applause and shouts from the girls. Even my Manager laughs but at the same time, he applauds me... what the heck... it's like it's our wedding is real! ! It's fake guys, this wedding is fake!! Dx..

Pinkie: i love you dummy tee-hee ^///^

With those words, Pinkie leans into my face and kisses me, as her arms wrap around my neck. I don't know if this is real or not, but for the first time in my life I decide to do it... at least for her. I accept Pinkie's kiss and press my lips to her lips as my arms hug her.

After all this scandal, the photo session ends with another success for Shamrock. Good for him huh? Hehe XD. Once all the guests and attendees of the photo session leave the place, I can focus on the problem and the concern about Fluttershy, where she is. She didn't even show up now.

You: okay guys... Fluttershy... we haven't seen her since yesterday.

Pinkie: I'm so upset with her, really she didn't come to my wedding! Dx

Sci-Twi: I'm as worried as you are but we have to stay calm.

It's hard to stay calm in a situation like this, but she's right. In the middle of our conversation, a strange man dressed in an outfit similar to that worn by the rogues of the Underworld, walks towards us. He can be seen very hurt and his breathing is very agitated, something is definitely wrong.

Strange rogue: You... you have to come with me now!

R. Dash: woah, who are you!

You: He's a rogue, I used to wear that outfit when I was raiding houses in the Underworld in the past.

Sunset: It can be dangerous!

Applejack: we cant trust him!

Strange rogue: You don't understand, Starlight and the rest of the guys are in danger! You need to come with me NOW!

He just said: Starlight and the other guys... who are the other guys?

Sci-Twi: what?... if what he says is true, we need to go with him!

On the one hand, that strange man seems trustworthy, I mean, he can't fool me, my hometown is the Underworld and that means knowing everything about that place. However, why Starlight would be in danger... wait...

You: Storm King is back right?!

All girls: **gasp**!

Pinkie: Storm King? But we already defeat him!

Sunset: But he ran away with Cozy Glow. Since that incident on your birthday, Pinkie, we haven't seen them again.

Applejack: I have another big hit in store for him! he no longer has the "Null Orb" to protect him!

We run at full speed, until we realize that this man is directing us towards Tartarus.

Sunset: Tartarus?!

Sci-Twi: its a trap!!

The girls start yelling that this was all a trap, however we can hear a loud scream in the distance.. Its Starlight!!

You: Starlight!

As we enter Tartarus, we can see little by little how Starlight along with my evil clone and another girl I've never seen, are on the ground, injured.

Sci-Twi: What's going on here!

Rarity: Dear are you okay?

My evil clone and the girl start to stand up, still hurt.

Doppy: Why did you take so long, asshole!!!

Woah! I mean, he always insults me... but it's the first time I've seen him with an expression of rage, of anger against me.

You: what... what is happening.

I can see a dark mist around us, and in the distance a smartly dressed man, next to a girl.

Sombra: well well well... * *Sombra looks at you**.. We finally meet in person.

You: who are you!

Sombra: I am the God, the deity, the messiah!

All girls: Sombra!!

Doppy: Shut your mouth, trash! I will finish you!!

Sombra: You still keep the stupid conviction of beating me. Heh, you're so wrong, all of you are. And I'll show you.

Sombra begins to create spheres of darkness around us, these spheres emit a dark mist throughout the area.

Sombra: Absolute Nothingness!!

“Absolute Nothingness”: One of Sombra's attacks. Absolute Nothingness are clusters of darkness created from dark mist and ethereal force. Such clusters cannot be destroyed by battle or by effects. Allows the creator of these clusters to increase their magic power, and decrease damage taken from other sources.

Sombra: The power of a deity, of a god... Once I got the emerald that you have, I will rule all the terran planes, all dimensions, all alternate realities will be under my domain!!

Sunset: what are you talking about! What emerald!

Applejack: I don't care what you are looking for or what is that emerald that you want so much, but you will never get it! We will not allow it!

Sombra mentions a strange emerald, which according to him, we have... but I don't remember anything about that.

Sci-Twi: girls, now!!

At Twilight's command, a glow begins to emit from the girls' geodes, triggering their transformation. They are serious!

Sombra: Behold the progenitor of life, father and mother, alpha and omega! Your creator... and your destroyer.

Sombra begins to channel again and launches his second attack... He raises his hand in our direction, and quickly picks a target.. Its that woman!

Starlight: NOO!! Fizzlepop!!!!

Doppy: terminator girl!! **Doppy look at Sombra** Dont do it!!

Tempest: uugh!! This is how it ends... .. please guys... finish him off!!

Sombra says a few words with which the whole atmosphere turns sinister, gloomy... and then...

Sombra: Come unto your maker.

ZUUUUUMM--- FLASHH!!!

DEATHBLOW

“Come unto your maker”: It is Sombra's deadliest attack. Needs channeling time before being used. It requires a lot of dark energy. This attack cannot be canceled and ignore any preventive effects. **Instantly executes its target.**

Tempest (Fizzlepup) has been eliminated

Sombra: I warned you, woman. If your information was false, I was going to destroy you.

No one can believe what just happened... in the blink of an eye, that man just annihilated that woman!

Starlight: Fizzlepup!!!! **crying**

Doppy: Damn you...damn you, coward!

Sunset: no... it can't be...

Rarity: he... is a monster...

The girls are stunned, they can not move before such a display of evil. Me on the other hand... I'm shaking. My body is shaking with fear. How is it that a fun day, in that silly photo session turned into this... While we were laughing, were they fighting?

Sombra: I have to admit that performing that attack requires a lot of energy, but don't worry... I have a special surprise for you...

Doppy: dammit... hey you... **Doppy look at you** We are no match for her... not even your friends will can beat her.

You: “her”? .. what you mean...

Doppy: Do you think these injuries were caused by that man? You're wrong...

Pinkie: Explain yourself!

Doppy: You notice that someone is missing from your group, right?...

...

...

No... no no no no....

Sombra: Behold my maximum creation!! Eliminate them!!

Fallen Fluttershy: I will take on everything!!!

Before our eyes we can see Fluttershy, but she is definitely not the same sweet girl. She is a woman who gives off a dark and evil aura through her body!

Pinkie: Fluttershy!!

Sunset: Fluttershy!

The girls try to make her react, but her expression doesn't change at all: it's pure hate! But I don't understand, how all this happened!

Sci-Twi: What did you do to Fluttershy, Sombra!

Sombra: You'll be surprised to know, but I did absolutely nothing. It was she, who was influenced with her own hate... toward you hahaha!!

Sci-Twi: what?!

Rarity: And you expect us to believe that?!

In the middle of the argument between the girls and Sombra, Fluttershy changes her direction towards me... looking me straight in the eye.

Fallen Fluttershy: Look what you made me do!!!

After saying those words, she charges towards me!

You: woah!!

The girls try to protect me from Fluttershy's attack, however, my doppelganger gets in the way and makes a move against her...

Doppy: This is going to hurt, sweetie!

PUNCH!!

Fallen Fluttershy: AAARGHH!!

My doppelganger hits Fluttershy making her back, but his punch did absolutely nothing to her!

R.Dash: You lost your mind?! Are you aware that you just hit Fluttershy?! She is our friend!

Doppy: You guys are useless! You will never be able to defeat her for 2 reasons: 1. I am stronger than you and yet she defeated me, and 2. You have said it, she is your friend therefore you will never dare to attack her! How are they supposed to protect this bastard!

Not even I would dare to attack Fluttershy, probably if he hadn't intervened, Fluttershy would have used her strength to finish me off... but I still don't understand why she is doing this!

You: Fluttershy what happened to you!

I try to reason with her, but it doesn't work. She doesn't listen to me, she just looks at me with an expression of hatred... Just then...

Starlight: I know what you're thinking, and it's not Nightmare this time... Sombra did the same thing again.

You: explain yourself!

Doppy: Did you forget how I was created? I am a product of Cozy's thoughts. In the past you behaved like me, then that man materialized that memory of Cozy and that's how I was born.

Starlight: In this case, if one of us has even a tiny bit of darkness in his heart, Sombra can control that darkness and turn that person into one of his pawns. In both cases: your doppelganger and Fluttershy, Sombra pulled out that feeling of darkness.

Applejack: Are you implying that Fluttershy had darkness in her heart?

Rarity: That can't be! I have never met a person as pure of heart as Fluttershy!

You: I agree with Rarity! Besides, Fluttershy has no reason to hate us! Heck, we're her friends!

Nightmare: are you sure? Hehehe...

All girls: Nightmare?!

Before us, Nightmare appears out of nowhere to interrupt us...

Nightmare: Believe me when I tell you this, guys: She hates you, she always hated you and this transformation is in proof of that!!

No, no matter what they say, I refuse to believe that Fluttershy hated us and she was the one who allowed herself to be influenced by Sombra... there has to be an explanation for this, and I'm going to find it ...

TO BE CONTINUED.... :O
