

Alright, I'll let you get settled in!

There's more in the back, so feel free to take as much work as you'd like.

Thanks, I'll get more when I'm done tomorrow.

That soon?? You don't have to!!

Oh no, I want to.

I actually love paperwork.

Excited.

You're the first person to have ever said that in this office..

Maybe in the history of mankind tbh

There's one more thing I need, though.

I was told to report the state of the workers in this branch to HQ after my first day..

Everyone seemed pretty good, but there's still one person left I need to see.

Ah, you mean Crush?

I've no idea, either..

But he should be done right about now.

Kinda weird that he's not back yet-

HEY, HONEYPIE~~

ACK!!

Right on time.

Crush?! God! One of these days you're gonna give me a heart attack!!

Hehe~ I can't help it!! You're so easily startled!

It's like I'm not even here..

Sooo.. No kisses?

.....kisses later.

Ugh! We're at work!!

Yep, they're dating alright.

Crush, say hi to our temp. His name is Mashiro.

You'd better be on your best behavior in front of him, got it?

Mashiro..?

Ah, that's me.. Hello.

Nice to finally meet you.

We've only met once when I was training, but I was working as his cleaner.

I don't think he's ever seen my face..

Have we met before? like face to face? I feel like I've seen you around HQ

Face to face? Not really..

Oh, my bad, then. I guess you just have one of those ordinary plain faces that blends in with everybody.

Crush, that's rude!!

Haha

Yup, just a regular andy here.

How many times have I told you to think before you speak, dummy!!

Hmm..

Oww

It's alright.

He's like an entire different person now..

Actually, I'm a big fan.

All of my seniors speak very highly of you.

It's a big pleasure to see you in person.

It's like he got domesticated.

Eh.. It's nothing.

No need to be so formal!

Right

Is he faking right now?

Or is this his genuine side?

Hard to believe that this guy is the same one who slaughtered so many people before..

Welcome to the team!
