

Love Potion Number Nine

Chapter 10

Luna silently crept through the castle corridors, following her prey. He turned the corner, and Luna hung back for a moment, not wanting to get too close and let herself be known. She peeked around the corner and saw him get pulled into a classroom by an unknown assailant. Luna skittered over to the wall next to the still-open door. She listened closely.

“Aurora! You scared the shit out of me!” she heard Harry say while the sounds of rustling clothes filled the room.

“Sorry, Harry ... But I’ve been waiting too long!” Luna heard the Astronomy professor say. With her heart pounding, Luna peeked around the door frame slightly. She saw the beautiful, dark-skinned professor on her knees while tugging Harry’s trousers down. Luna gulped as Harry’s big cock sprang out and slapped Sinistra in the face.

‘It’s so big and beautiful,’ Luna told herself as she stared at the large tube of man meat. Just looking at it made her pussy tingle. Luna had done nothing but think about Harry Potter for a while now. She just couldn’t get him out of her mind. At night, she would lie there awake, imagining him spreading her legs to have his way with her. Inevitably, she would reach into her panties and rub herself while thinking about him. It was the only way that she could get any sleep. These days, however, just thinking about him wasn’t enough. She needed the real thing. She needed what Sinistra was apparently getting.

The professor had shrugged off her robe and opened up her top, letting her big breast free. Luna watched them bounce around as the horny woman leaned down and took the head of his cock between her plump lips. Harry threw his head back and moaned when she began bobbing her head, taking him deeper with every thrust of her mouth. Luna quickly pulled her head back. She didn’t want to be spotted. Instead, she silently left the scene and made a plan of her own.

For several days, Luna had been watching him. She studied his patterns and knew the places that he usually visited and when it was that he did. Luna hid in the abandoned classroom and waited. Finally, after what felt like forever, she heard the sounds of shoes walking along the lonely corridor. When the sounds were close enough, she reached out and grabbed him just as Sinistra had done a few days before. Harry yelped as he was pulled into the room. Luna closed and locked the door before he even said a word.

“Luna! What the hell?” Harry gasped while breathing heavily. Luna blushed madly.

“Sorry for the deceit, Harry, but I was unable to control myself,” she truthfully told him. Luna shrugged off her robe, and Harry’s eyes widened when he saw that she was only wearing a pair of black knee-high socks.

Harry’s cock instantly became rock-hard. Luna was a petite girl with small, perky breasts and gentle curves. Her belly and waist were slim, and her hips flared just enough to give her a womanly form. Her breasts were barely a handful, yet they protruded from her chest without an ounce of sag. They were quite sexy in his opinion. Her nipples were lovely as well. Her areolas weren’t much bigger than a Sickle and were slightly puffy. The tips were hard and sticking out, ready to be played with. Her nipples were only a few shades darker than the rest of her skin, giving her body a smooth and clean look. Harry’s eyes lowered down her cute, little belly. He could already imagine himself kissing his way down her stomach and tickling her little belly button with his tongue. Below her belly was a very thin bush of wispy hair that covered her mound. Harry could see her taut pussy lips hiding between her upper thighs that didn’t touch, even though she had her legs together. Her lips were perfectly smooth, letting him know that she was shaven and that she kept a tiny bit of hair on her mound for decoration. Luna’s thighs looked soft and smooth, and her long socks looked especially dark when contrasted against her pale skin. When Harry was able to pry his eyes away from her young body, he looked around the room.

Expecting to see a normal classroom, he was surprised to see that the room was completely empty except for a large bed resting against the back wall below a closed window.

“I asked one of my House-Elf friends to set this up for me,” Luna admitted, blushing as she did. “I hope you like it.”

Harry smiled and stepped up to the strange girl. He placed one hand on the small of her back while his other hand caressed the soft skin of her belly. “It’s great, Luna,” he told her. His hand slid down her belly until his fingers began playing with the soft hairs of her mound. Luna gasped wildly, looking down at his hand. “Why don’t we make ourselves more comfortable?”

Luna looked up at him and nodded with pink cheeks. She was quite pleased when his hand moved from the small of her back and cupped her ass. She jumped slightly when he gave her perky cheeks a squeeze. Led to the bed, Luna crawled onto it with her hands and knees. Out of curiosity, she looked over her shoulder and saw him staring at her backside. Luna was embarrassed but overjoyed by the fact that he wanted to look at her like that. She didn’t have any experience with boys, so she was glad that Harry found her body appealing. Egged on by that fact, Luna spread her knees apart and arched her back. Her ass was suddenly presented to him like she was a female Snorkack in heat.

Harry’s eyes were glued to Luna’s tight-looking pussy as she arched her back. Her bald slit was right there, waiting to be taken. He could see her lips glistening with wetness, and her little clit was swollen from arousal. His eyes then moved to her asshole. Her puckered hole appeared to be extremely tight. Unable to stop himself, Harry brushed his finger over the little hole and

watched as her cheeks clenched. He then dragged the tip of his finger down between her cheeks and between her wet lips. Her pussy was burning hot and slick to the touch. He let his finger dip inside of her just a bit, and he could feel her walls snugly squeezing him. Harry pulled his finger out and continued exploring her body. When he reached her clit, Harry used his wet finger to rub circles around it. Luna cried out, and her body began quivering. A fat drop of pussy juice dripped down from her slit and plopped onto the mattress.

Harry's body acted without him having to think. He removed and tossed away his school robe while kicking off his shoes. His shirt went next. Soon, he was standing there in only his boxers. Luna was staring at him, and her eyes lowered. Harry pushed down his boxers and kicked them off. Luna swallowed loudly as she saw the size of him from up close.

"Y-You can do whatever you want, Harry," Luna offered herself with a shuddering breath. She was still very nervous even though she had been overcome with lust. She had just offered herself to him when she suddenly felt his hands beginning to caress the front of her thighs. His fingertips lightly grazed her smooth skin which made her body tingle. She squirmed as his hands moved in between her legs. His grip on her skin became harder, and Luna cried out when she felt his warm breath against her genitals. As if her body was acting on its own, she pushed her ass back, attempting to press herself against his mouth. In return, she received a harsh slap on the ass cheek. Luna yelped in pain as her cheek stung.

"I'm in control here," Harry reminded her. Luna nodded her head wildly.

"Y-Yes, Harry! I'm sorry," she begged for forgiveness while Harry placed soft kisses on her sore cheek. Luna tightly gripped the bedsheets as Harry's mouth explored the entirety of her ass. He kissed, licked, and nipped at her skin, making her pussy burn with need. His hands came around to her cheeks, and she felt him spread them open. Now she could feel his breath on her naughtiest hole. Luna's body was trembling as she waited for whatever came next. Her body jerked forward when she felt his tongue tickle her back hole. Luna looked over her shoulder with wide eyes, never expecting anything so naughty. His hands gripped her small body, and Luna squealed as she was flipped onto her back. Harry placed his hands on her knees and pushed her legs wide open. Luna didn't have time to close them as Harry settled between them. She wiggled around as Harry continued kissing her body. Her nipples were so hard that they were beginning to hurt as he kissed and lightly bit them, meanwhile, she was rubbing her wet and throbbing pussy all over the underside of his magnificent cock. Harry moaned against her nipple, and the vibration made Luna moan as well.

Luna wrapped her arms around him when he began kissing the side of her neck. She desperately wanted him to take her right then and there. "You smell good," she heard him say as he nuzzled her hair with his nose. Luna bit her lip, wrapped her legs around his waist, and pulled him tightly against her body. He started kissing down her cheek and around her jaw. When his lips were in striking distance, Luna leaned in and kissed him passionately. She moaned deeply into his mouth when he started massaging her tongue with his. Luna didn't even notice when the tip of his cock pressed against her opening. She did, however, notice when he

sank in, stretching her tight walls, and claiming her body for the first time. Luna closed her eyes and gritted her teeth from the pain of losing her virginity. Once Harry was in, he stopped moving. Luna was breathing heavily and waiting for the pain to subside while Harry kissed along her jaw and nipped at her earlobes. The sensation of pain mixed with pleasure was strange to her, but she kind of enjoyed it. Once the pain had dulled, Luna squeezed his hips with her legs, telling him that it was okay to start moving.

Luna couldn't believe how good it felt. Within seconds, she was nearly hyperventilating as her insides gripped his cock tightly. The sounds of their bodies colliding and the smell of sex were making her head dizzy. Her small hands pawed at his back as he hit the deepest spots inside of her. When Harry forced her arms above her head, and he held her wrists together, Luna arched her back and came violently on his cock. There was something about the thought of Harry being in total control of her that threw her over the edge. Her little pussy clutched his cock tightly and desperately tried to milk him. Harry continued to thrust into her, stimulating her G-Spot even as she came hard. Luna was squirming through her orgasm, mewling and chittering cutely. She didn't know how much more she could take. "Harry!" she squealed as her vision was getting blurry.

Just then, Harry hooked his arms below her knees and folded her body in half. Luna cried out as he thrust his cock deeper than he had before. Over and over, he pumped her full of his hot, sticky cum. Luna bucked and thrashed, although Harry was too strong and easily kept her body in place. Harry kissed her deeply while they both came together. Finally, Luna felt his cock slip from her silky depths, and his cum began leaking from her freshly-fucked pussy. She could feel it dripping down over her asshole and down the crack of her ass. Meanwhile, the tip of his cock was poking threateningly at her virgin hole. Luna didn't know if she could handle that right now.

"Later!" she squeaked as she continued to orgasm.

"Well, we have like half an hour before dinner," Harry said, kissing all around her hard nipples. "What do you want to do?" he asked her. Luna thought about it for a minute before squirming from underneath him. Harry looked confused until she pushed him onto his back. Luna then began kissing down his body until her mouth reached his cock. Harry closed his eyes and smiled as she licked him clean before she started using him as a test subject on her mission to become the school's best cocksucker.
