

Mmm!!

It's delicious!!

But Crush.. Are you really okay?

What do you mean?

I know Sodam was a horrible person.. but he was really powerful.

Aren't you scared his friends will get to you?

Not really..

Sodam got really egotistical towards the wedding, his investors were nervous.

Everyone in Keyu's syndicate opposed the merger..

Their loyalty were already wavering, Sodam's ego just nailed it all to the ground.

He manipulated everyone around him to get what he wants, me included..

He used me, and I used him..

There was no love.

I was a walking corpse before you took me in.

You gave me hope

when I had nothing else to live for.

You..

made me want to get better.

When I thought I never could..

Even now,

even when you're right next to me..

SQUEEZE

It still feels so surreal..

That we're together.

Why do you keep talking like that?

You were like this back when I confessed, too

PUSH

Like what-

Why do you keep talking like

You don't deserve to be loved?

Like you're not enough?

You're more than enough,

the fact that you're trying to be better for me is evidence of that.

How can you think so little of yourself?

It really..

breaks my heart.

Cherie..

Okay, okay.

kiss

I'm sorry.

I've really made you upset, huh..

I'm sorry for being an idiot.

Hey! Hey! Stop that!

SQUISH

That's my boyfriend you're calling an idiot!

Only I get to do that!

You understand me?

PINCH

Yes sir..
