

-A day like any other-

You: 🎵🎵🎵 Barara-buruburu—baaaaaa--- No, they don't want none -
They looking scared no they don't really want none 🎵🎵🎵 **singing**

Im in the flower shop working as I usually do after school. It's a normal day, the sun's rays shining through the window, birds singing Bad Bunny songs, and my boss lounging around.

I was about to finish arranging some flowers, when I receive an unexpected visitor.

Random friend #1: hey brooooooooo!! Come here! It's important!

You: hey man, sure... just give me 5 minutes.

-5 minutes and 1 second later-

Random friend #1: too late!!! Hey, look this.

Oh wow! It's an invitation. Apparently, the Crystal Prep Academy is hosting a gala party tonight.

You: that's great! That is your school bro, so you can't miss that gala.. Im happy for both of you 😊

Random friend #2: not so fast! Look at the back of the invitation.

You: "you can bring a guest". Oh— ahm... I see... e.e

Random friend #2: It's perfect, isn't it?

Random friend #1: I'm going to invite another friend, but this guy here has no one to invite, so we think on you :D .. look what a good friends we are!!

Random friend #2: join us!! We will have beautiful girls around!! and maybe we will meet our future girlfriends there !! :D

You: Well, you two definitely need a girlfriend, huehuehue xD

Random friend #1: Look who says it !! ... And where is your girlfriend, huh? Waiting for you in your fancy imaginary home? Dx

You: ☹ ... -_-'

Random friend #2: Hey being serious, we have seen you with many beautiful girls ... surely you like someone, right?

You: O///O!! The truth is that I have never thought about that :S

Random friend #1: You have all the opportunities at hand, you should be grateful with the fate, or karma ... those girls are very beautiful! Now, we won't leave here until you tell us who you like !!

You: First dead before I reveal something of my personal life to you, fellas!! <_<''

-Present-

...

...

Doppelganger: That's all? 20 minutes getting ready and that's all ?! Dx

Pinkie: nooo dummy!!!

You: This ... this is not over yet!_DX

My "close combat" didn't work against him, his defenses are too boosted to hurt him ... as i see, his only weakness is magic, but I don't have those abilities. That means the only way I can defeat him is with the help of the outside, the girls ... but the Great Guard of Nightmare nullifies any magic or spell from the outside.

You: ... Tsk!

No... I know what I said is truth but this is MY FIGHT!. The problem is that I am confined here until one of us loses this fight.

I quickly start to attack him ... however, the obvious is in sight, none of my blows reach him. He avoids them very easily.

Doppelganger: Useless. You are extremely weak Dx!

You: For a weakling, I have been able to withstand your blows ... look at me, I'm still standing here!

Doppelganger: This battle is over. The result is evident ... I have won. I just need to give you the final blow and everything will be end.

The doppelganger's eyes turn red ... he's not kidding. He's determined to finish me ... >:S

-Meanwhile...-

Sunset: We have to do something to help him!

Sunset look at Nightmare

Sunset: Please destroy this barrier! Do you want my geode? I give it to you, but please !! Stop him!

Nightmare looks at Sunset, but she ignores her

The girls again try to break the barrier ... they use their fists, their magic, but nothing works.

Nightmare: ... hmp.

Doppelganger: Your last words?!

The doppelganger begins to execute his final assault ... All the dark energy around him is now in his fist.

You: sorry girls, this time I won't be able to go back with all of you ...

** you look into the eyes of the doppelganger **

You: If I have to go to hell, I'll take you with me!!!

** You start running towards the doppelganger**

Doppelganger: Furuenerugī-Kaiho!!

** The doppelganger starts running towards you **

You and the doppelganger run towards each other ... each with their maximum power accumulated in their fist. You are aware that you will hardly be able to defeat him with your physical strength, but you are not intimidated by the immense difference in power between you two. Even so, you give your maximum in that fist and you manage to hit him!! YAY!!

****PUNCH!!!****

...

...

**CRASH!! * - * The barrier is broken ... **

The girls start running ...

...

Pinkie: dummy!!

Fluttershy: Just a little more, girls!

...

...

Doppelganger: ...

The battle is over. You have lost.

Doppelganger: You are a stupid. But still, you fought to the end ... I hate you, but somehow, you have earned my respect. You are definitely not the same person as before. You've changed and that disgusts me... And with all that...

** The doppelganger clenches his fist**

Doppelganger: why I can't finish you!!! WHY!!

The girls start to get closer ... At that moment, Nightmare appears in front of the doppelganger.

Nightmare: We have to leave this place, now!

Doppelganger: No! I can do it! Just one more attack ... just one!

Nightmare: Don't you get it, huh? You intentionally held back yourself! You were able to finish him off in that attack but now it's too late, the barrier has been broken. Hey!!... NOW!

Doppelganger: why... just... why!...

Confused, the doppelganger looks at his hands ... not understanding the situation.

Nightmare: When you were created, the memories of Cozy Glow were used towards him, but that girl, in addition to knowing the evil side of this young man, she also knew his kind and good side in the battle against the Storm King. In other words, you are not only made of the hatred of the past, but also of the kindness of the present. Your head also has the memories of the good times that he spent with those girls, that is the reason why you cannot finish him. Deep in your black heart, you don't want to make those girls suffer.

The doppelganger is speechless for a moment ... That's when the girls come to help you.

Rarity: hey!! Wake up please!!

Pinkie: dummy please! **Sob** open your eyes!!

Your body is on the ground, unconscious and seriously injured. Sunset and Sci-Twi stand up to confront the doppelganger...

Sunset: you!

The Doppelganger feels Sunset's wrath ... her fury is so big that even she would be able to awaken the Storm King's origin form ...

Doppelganger: Take him to a hospital now, he is still alive.

Applejack: We have to hurry!

Rarity: Sunset!!!

Sunset doesn't react ... all she does is fixed her gaze in the doppelganger.

Doppelganger: HEY!! TAKE HIM TO A HOSPITAL! YOU BACON HAIR!!

Sunset: huh? ...

Doppelganger: AAAARRGGHH!! The closest hospital is 20 minutes away and YOU don't have that time! I'll take care of him, I'm the fastest here!

Rarity: excuse me?! Do you think we are fools?!

R. Dash: We will not allow that!

Doppelganger: Hey, I give up, okay? Im totally vulnerable to your magic damage ... but Rainbow Dash is not as fast as me to take him to the hospital on time, and all of you know that. So, you want me to help you or you will let him die here!

Sci-Twi: He's right ... but I can't trust him!

Pinkie: You were the one who leave him in this state in the first place, we will never forgive you! **sob**

Sunset: do it... now! Go!

All girls: Sunset?!

Sunset: I want to destroy to this stupid and I know that you girls want to do that too, but... we can't... not now. We don't have time!! Go now!!

Doppelganger: finally!

The girls help place your body on the doppelganger's back, and he quickly heads to the hospital.

Minutes later, R. Dash arrives at the hospital first. The doppelganger is still there.

R. Dash: The girls are still on the way.

Doppelganger: okay, great.

Dash fixes his gaze on the doppelganger, she doesn't understand why he's still there ... being able to escape when he had the chance.

R. Dash: why you are still here. Won't you run away?

Doppelganger: ...

The doppelganger says nothing. 10 minutes later, the rest of the girls arrive at the hospital.

Pinkie: What happened, where is the dummy!

R. Dash: The doctors are treating him right now, so dont worry. They arrived on time.

Relief is felt among the girls hearing those words. However... this still continue... The doppelganger is surrounded by 7 powerful girls with enough magic power to destroy him.

Doppelganger: ...

It seems he doesn't regret having hurt you, nor does he care that the girls forgive him, that will not happen anyway. But something in him says what he did is wrong. The worst thing is that Nightmare was right ... Does it really hurt him to see to the girls suffer?

Applejack: Why are you still here!! I will never forgive you, I should finish you right now!

Fluttershy: Applejack please! This is not the time!

Although all the girls agree to finish him off, Fluttershy is the only one who can better control her anger.

Sci-Twi: Why did you decide to help him? Weren't you the one who wanted to do this?

Doppelganger: He is alive and that's the important thing, don't you think?

Rarity: Something made you change your mind ... but you won't admit it.

Rarity is right. The doppelganger remembers Nightmare's words, which make perfect sense to him.

During his battle, he could see the girls with you in his memories once again. They were happy and somehow he felt touched in his back heart... it was as if himself was there with them... that feeling held back his maximum power at the last second, avoiding a fatal outcome.

The doppelganger begins to walk and leave the place ...

R. Dash: hey, where are you going?!

Dash prepares to confront him ... but...

Fluttershy: Dash, no.

Fshy stop her.

Doppelganger: When he wakes up, tell him that I'm sorry.

**FLASHHHH!! * - * The doppelganger disappears **

Pinkie: huh? Is it my idea or does he regret hurting to the dummy? :O

The girls say nothing about the strange behavior of the doppelganger, they just hope everything goes well and you recover soon.

Rarity looks at a photo on her smartphone that they took a while ago...

Rarity: You never wanted someone to see you dressed like that hehehe. But for us... you looked so cute. We will be here waiting for you, dear.

...

...

Near the hospital, the doppelganger is still hanging around, but this time with Nightmare.

Nightmare: Sombra will be very angry with you.

Doppelganger: heh, I don't care.

Nightmare: **sigh** Then I guess this is where we part ways. It is obvious that you will not be able to fulfill your mission, and that means that you are no longer useful to us.

Doppelganger: yep, you right. Im out ☺ ...

Nightmare: Again those girls do the impossible ... touch the heart of the most ruthless ogre I have ever met, hahahaha!. You know what? If Cozy hadn't seen that kind side of the reformed young man, you'd be 100% pure evil. Anyway, I'm leaving. Sombra needs this report ... and I hope you're prepare because from now on, you will also be his target.

Doppelganger: Hey... let me tell you this; If I see that you do something to hurt those girls ... I will annihilate you ^-^. And you can say him the same to the man in the black suit. I have no memories linking me to you or that man. You are warned.

Nightmare: hehehe... HAHAHAHA!!!

**PLUFFFFFF * - * Nightmare disappears **

...

...

Doppelganger: oookay... im alone now. What can I do? Hmm... Maybe I should focus on getting my own harem with beautiful girls!! :D... hmmm... hmmm... °///°... ..- Yes, I like it! I can imagine that. °u°..

Doppelganger: oh my... yeah Rarity... ooffffffff!! Huehuehuehue-..
HADGJASDGS AJDSAGDJSA!!! **nosebleed**!! Dammit!! Dx. Okay, time to
shine buddy!!

And so, our bad guy has become into a good guy hahaha xD!! Now he has
a new purpose in life ... to have his own harem !!
